1.3 Welfare and Guidance Services

ECTARC has policies and procedures to ensure all students receive appropriate welfare and guidance throughout their program. This includes review of payment schedules when requested, learning pathways, possible RPL opportunities, provision for additional needs and provision for special cultural and religious needs (where applicable). All efforts are made to offer a flexible method of assessment to enable students to complete programs satisfactorily. Each case is reviewed on an individual basis to determine the best solution. ECTARC also maintains a list of support services that students can access in different regions. Please contact ECTARC for further details.

Financial assistance

Some of the Education and Care qualifications provided by ECTARC are Centrelink approved. This means that you may be able to receive financial assistance to complete your studies. It is important to note however that Centrelink requests regular reports regarding what a student has completed and if you do not maintain your commitment to your studies in accordance with the information you provided to Centrelink in your application you may be required to pay back any money paid to them. For more information, please telephone the Centrelink Helpline on 13 10 21.

1.4 Initial Skills Assessment

Foundation Skills Questionnaire

ECTARC, where possible, provides provisions for language, literacy and numeracy (LL&N) assistance on request. Students are required to complete a Foundation Skills Questionnaire as part of the enrolment process to assist ECTARC in determining if they need further assistance in this area.

The outcomes of the questionnaire are aligned to the Australian Core Skills Framework (ACSF) and where a support need is identified, ECTARC will identify the types of support that is required which may include consultation with a LLN specialist from another relevant organisation. Where the completion of a unit of competency from the Foundation Skills Training Package needs to be completed ECTARC will partner with an appropriate RTO who has the unit/s on scope to deliver these and they will be listed on your Training Plan.

This assessment will also be used to determine whether you are enrolling in the most appropriate qualification, and where it seems that it may not be suitable, the ECTARC Training and Development Officer will discuss this further with you and if relevant, will recommend a more appropriate qualification/program.

Where it has been identified that you have previously completed a different qualification or hold previous experience, and may be eligible for Credit Transfer or Recognition of Prior Learning the ECTARC Training and Development Officer will discuss this with you in greater detail and review any evidence provided such as a Transcript.

Students can request additional assistance or support at any time throughout their studies. ECTARC will endeavour to meet each individual student's learning needs. We encourage you to discuss any concerns you may have with your TDO.

1.5 Complaints and Appeals

ECTARC offers students the opportunity to appeal against an assessment decision or make a complaint. The appeals and complaints process is considered a valuable tool for management to improve the products, services and business operations it delivers to students. Students are encouraged to contact ECTARC to raise any concerns or complaints and are to be reassured that their complaint/concern will be dealt with:

- promptly and efficiently
- in a fair and equitable manner
- respectfully, confidentially and ensuring impartiality is maintained
- so that parties are informed regularly of action being taken/progress
- in a manner whereby follow up checks are made at a later date to review the appropriateness of solutions reached so that documented records are maintained

Appeals

If at any time you wish to query your assessment outcome, you must notify the Manager of ECTARC in writing. In the appeals letter to the Manager, you must provide details of the query and any other relevant information. The appeals letter can be forwarded to: The Manager, ECTARC, 2/210 Shellharbour Road, Warrawong NSW 2502.

Once the information is received, a meeting will be held with a panel of three ECTARC TDO's (including a Manager) to conduct a full review of the original assessment. The outcome of the review will be documented and forwarded to the student who has made the appeal. If the student is satisfied with the outcome of the appeal, then no further action will be taken. If the student does not feel as though the issue has been resolved satisfactorily, then the formal complaints process must be followed.

Complaints

A complaint is a statement or approach by a client or member of the community to an ECTARC staff member that may relate to:

- difficulties concerning allocation, interpretation or application of workload, procedures or policies
- a lack of communication
- interpersonal conflict
- harassment or discrimination

In line with its quality improvement philosophy and the Community Services (Complaints, Reviews and Monitoring) Act 1993 No. 2; ECTARC recognises the need for clear guidelines and procedures for handling complaints.

Complaints can be raised:

- in person
- in writing
- by telephone
- by email

An ECTARC staff member will listen to your complaint and, if possible/appropriate, resolve the issue promptly at the local level. If you are satisfied with the response and/or follow up action(s), no further steps will need to be undertaken. If the informal approach is considered by either party to be inadequate/inappropriate, the formal approach of lodging an official complaint should be undertaken.

Where a student feels that an issue needs to be addressed further by an external organisation, they can contact the National Training Complaints Hotline. The hotline will not investigate complaints but will forward complaints to the most appropriate agency, authority or jurisdiction for consideration. Complaints can be registered with the National Training Complaints Hotline by Phone: 13 38 73, Monday–Friday, 8am to 6pm nationally or by submitting a complaint on their website: <https://www.education.gov.au/NTCH>.

Formal complaints process

Step 1 To lodge an official complaint, a written letter, or email should be forwarded to ECTARC Management adequately identifying and providing details of the complaint and the outcome sought. In the case that it is not possible to obtain a written document, a complaint can be given verbally with details recorded by an ECTARC staff member.

Step 2 The record of complaint will be forwarded to Management for review. With the complainant's consent, the Manager will call the parties together and attempt to reach an agreement. The employee, client or member of the community raising the complaint may, at any stage of the procedure, invite an external representative to advise, assist or advocate on your behalf. In an interview situation, a friend/colleague may be invited to support and observe.

At any meeting conducted to investigate a complaint, you (the complainant) may elect to have an observer present. Note: an observer is not an active participant.

Step 3 At the end of the mediation process, if an agreed position is reached, the Manager will document the outcome of the meeting in writing and forward to the person who initiated the complaint. A copy will also be forwarded to all other parties involved in the matter.

If an agreement is not reached within an agreed timeframe, the matter will be referred to the relevant agency to arbitrate.

Note: As a complainant, you have the right to receive assistance at any time during the process. You may choose to have a representative from an external agency, such as:

- the Anti-discrimination Board
- a Union
- the Privacy Commission

All matters will be responded to without prejudice and within the specified time frames – usually five to ten (5-10) working days.

To ensure confidentiality, employees, students or members of the community raising a complaint are advised to discuss the matter only with the person(s) directly involved.

In more serious or complex matters, or where the representatives are unable to resolve the complaint to the mutual satisfaction of the parties, either party shall have the right to pursue the resolution of the complaint further. In these circumstances, the complaint will be referred to the CEO and the ECTARC Board of Management.

A completion payment will be paid directly to the student upon completion of the qualification and a survey. The completion payment is \$300 for each qualification. Students will be eligible to receive the completion payment for up to one (1) year after successful completion of the qualification, provided up-to-date email and bank account details are confirmed.

A student is not eligible for a completion payment where more than 50% of the units are completed through RPL or Credit Transfer. A significant proportion of units completed through Credit Transfer may also impact on student eligibility for the completion payment.

3.0 Recognition Pathways

You may be eligible for exemption from some units in your chosen study program if:

- you have studied with another RTO (Credit Transfer)
- you have worked extensively in the education and care sector and have life/work experiences which would serve as evidence of competency in a unit (Recognition of Prior Learning).

3.1 Credit Transfer

ECTARC recognises all AQF and VET qualifications and VET Statements of Attainment issued by other RTO's. Where a unit/s of competency has been achieved previously a Credit Transfer shall be granted.

3.2 Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) is a process which recognises that people can learn informally through work and life experiences as well as through formal education and training.

Evidence can be based on:

- formal training programs (e.g. superceded qualifications, professional development workshops)
- paid or unpaid work experience
- community or voluntary work
- life experiences
- any combination of the above.

To be granted RPL, you will need to provide ECTARC with current documented evidence that demonstrates you are able to meet all the elements/performance criteria for a particular unit of competency. This includes demonstration of the underpinning knowledge, values and attitudes, as well as the practical skills required, to perform to the standard stated for that unit. You will also have a Competency Conversation with your ECTARC TDO and be observed in your workplace either by an ECTARC TDO coming to your service, by an online portal (ECTARC use Blackboard collaborate) or you may be asked to submit video evidence.

All assessment of RPL applications will be reviewed by no less than two staff that is qualified to conduct the assessment. From time to time or when deemed necessary, we reserve the right to invite a subject matter expert as part of an assessment process.

If you feel you are eligible to apply for RPL, please speak to your ECTARC TDO for further information.

4.0 Learning Materials

Every qualification consists of a series of units, each of which has its own learning materials and additional resources. These capture best practice and the essential skills and knowledge required by the education and care sector. You will be inspired by the colourful layout and visuals which bring the content to life. The resources are designed with real life scenarios and meaningful practical tasks to reinforce knowledge and encourage in-depth reflection.

They include:

- an introduction/overview of the unit
- notes to support each element of the unit of competency
- activities to support learning.

Activities are self-assessed, meaning that the answers are provided for you. These do not have to be submitted to ECTARC.

5.0 Assessment

Assessments may be a combination of Written Assessment Tasks, Third Party Reports, and Practical Assessment Tasks. Practical Assessment Tasks may be conducted by observation in your workplace, via observation online or by the submission of video evidence.

You will find the Learner Assessment Instructions on the ECTARC Student Portal for each unit. This contains unit specific information, instruction and guidance about how and when assessments will occur and contains all the information you need to know to begin your assessment.

Assessment for each unit includes a Third Party Report which outlines a set of observable skills and abilities that an early childhood educator must perform for a unit of competency. This is signed and verified by the Workplace Supervisor and must be submitted for each unit where it has been provided.

Assessments may be customised to best suit a student's needs and where possible we encourage you to use real life examples from your workplace or where you complete your Practicum (if required). ECTARC is committed to offering flexible learning and assessment procedures to offer the optimum training experience for students.

5.1 Assessment Requirements

To remain enrolled in a program, students must continue to submit assessment tasks in line with the relevant Training Plan and enrolment period. Where this varies and places a student at risk of not completing the program within the given time frame, this will be discussed with the student and Skills Canberra will be notified. Where a student does not submit an assessment task within a 6-month period and efforts to contact them are unsuccessful, their student record will be made inactive. After 12 months of unsuccessful contact and no submissions, students will be withdrawn from the program. *Please note: Submitting one assessment task in six months **would not** be considered as actively working towards a qualification, it is the minimum requirement to maintain enrolment with ECTARC.*

5.2 Submitting Assessments

In most cases, assessments will need to be completed and submitted on the ECTARC Training Portal. From time to time you may be provided with hardcopy versions of the learning materials and assessments and will be instructed on how to submit these e.g. by email. Your assessments will be assessed and feedback will be given to support your learning and progress.

IMPORTANT: Where applicable, the Third Party Report must be completed, signed and uploaded when submitting work for marking. Units with a Third Party Report cannot be deemed Competent without this being submitted.

Completing your assessments:

- make sure you have worked through the learning guides before attempting the assessments
- complete whole units before submitting assessments
- if you have any questions, please contact your ECTARC TDO – they are there to support you

For more information on how to submit an assessment, please see the 'ECTARC Training Portal FAQ' page on the ECTARC website.

All students will have 14 days access to the ECTARC Training Portal after their course completion date to download content and any completed assessments for future reference. To download completed assessments, go to the relevant unit and click on the ASSIGNMENTS link to view your assessment tasks. Click on the assessment task you wish to copy and then right click on your mouse and choose the PRINT function. Change the destination from your printer to the PDF setting and click SAVE. If you have any questions regarding the saving of your online content, please call 02 4223 1111.

6.0 Results

Marked assessment tasks will be available on the ECTARC Training Portal for you to access. You will receive an email every time an assessment has been marked. Assessment results are not graded. Your assessment results will be recorded as either:

S - Satisfactory

To be assessed as Satisfactory, you will need to complete all parts and questions in the assessment, providing enough evidence of your knowledge, understanding and skills to a standard that consistently demonstrates the requirements of the unit.

NYS - Not Yet Satisfactory

A Not Yet Satisfactory result means that there may be certain elements or performance criteria that you have not yet demonstrated. Your Training and Development Officer (TDO) will identify the area(s) for you and provide guidance and support as to what is required for you to achieve competence.

If you do not keep up the expected standard after being assessed as competent for a unit, your TDO can, in consultation with you, reverse the assessment after you have received an alert.

Note: ECTARC can re-assess you on a unit of competency up to a maximum of three (3) times. If your result is Not Yet Satisfactory after the second time your TDO will conduct an online study session with you and will discuss the unit and assessment requirements further. Should you be deemed Not Yet Satisfactory for a third time, you will be deemed as Not Competent in that unit. You will be issued a Statement of Attainment for all Competent units at the end of your enrolment period.

Should you wish to complete your qualification, you will need to re-enrol as a Distance Fee for Service student and complete any remaining units. Please see the ECTARC Fee Schedule for all relevant costs.

C - Competent

Once all requirements of a unit have been met, you will then be deemed as Competent in that unit.

For each unit of competency, you must successfully complete:

- Written Assessment task
- Third Party Report
- Practical Assessment (by ECTARC Assessor in the workplace)
- Work placement hours (if applicable) wither in your place of employment or as a practicum.

6.1 Assessment Feedback

On enrolment, you will be allocated an ECTARC TDO for the duration of your program. This TDO will be responsible for overseeing your training and assessment and guiding you through the program however, it may be necessary for a different TDO to be involved in your training or mark your work on occasions.

From time to time you may be asked to resubmit an assessment task. This may be because you have misinterpreted the question or the instructions, left out part of the question or not provided sufficient information/evidence. Your TDO will return your work to you with comments on how to improve it.

Should you ever feel dissatisfied with the assessment outcome, or comment on your work, or feel that you have not been given enough feedback, please do not hesitate to contact your TDO and explain your concerns.

7.0 Referencing

It is essential to acknowledge **all** references you use when completing an assignment - whether you quote directly from author(s) or use/paraphrase their ideas. This information should be presented at the conclusion of the assignment.

The referencing format should contain the following information:

Surname of author; initials of given names; year of publication; name of publication; name of publisher; location of publisher. For example:

11.0 Managing the Demands of Your Program of Study

It is very important to maintain a good work/study/homelife balance. Whilst it is important to follow your Training Plan to ensure you complete within your enrolment period, one of the benefits of studying with ECTARC is that the programs are flexibly delivered, so you can guide how you do this. Our programs are offered via distance and can be supported by online webinars and study sessions, phone, email, messaging through the ECTARC Training Portal and through face-to-face assessment visits.
