This policy refers to all fees and charges received for training and assessment services provided under both government funding and fee for service.

Deployment

ECTARC Fees and Charges

Fees and charges are set and reviewed by the CEO, Manager – Accounts and the ECTARC management team. Where services provided are under funded arrangements, the fees and charges will be in accordance with those prescribed by the relevant funding body.

A current fee schedule is maintained and published on the ECTARC website so that it is readily available for prospective clients and existing students. At a minimum it includes:

- The amount of all fees, including course fees, administration fees, compulsory tuition or co-contribution fees, additional required materials and any other incidental charges
- Payment terms, including the timing and amount of fees to be paid, and any non-refundable deposit/administration fees
- The nature of the guarantee given by ECTARC to complete the training and/or assessment once the student has commenced study in their chosen qualification or course
- The fees and charges for additional services, including issuance of replacement qualifications and the options available to students who are deemed Not Competent on completion of training and assessment
- Information regarding funding availability including, but not limited to the name of the funding body, fees and charges, concessions and exemptions, the application process and terms of payment

- Reimbursement of First Aid (where applicable)
- Any information on Completion Payments as per state contractual guidelines that a student may be entitled to.

ECTARC management are responsible for ensuring that fee information is expressed clearly and updated prior to changes being implemented. Enrolled students must be notified of any changes to fees and charges prior to the changes being implemented.

Fees in Advance

On commencement of the program, students are required to pay their enrolment fee and may purchase up to six (6) units. This total must not exceed \$1,500.00 unless a third party is paying for the training, in which case greater amounts may be accepted. These amounts are documented both in the ECTARC Fee Schedule and on the ECTARC website. When a student enrolls and makes payments greater than these amounts, Administration Officer – Distance Programs, will contact them and, where required, organise a refund of the additional amounts paid.

Protection of Fees

A Trust Fund is established and maintained to protect fees which are paid in advance. The amount of funds held in the Trust Account is monitored monthly by the ECTARC Manager - Accounts. A report is generated for the auditors at the end of each financial year which outlines units purchased that have not yet been assessed to ensure that enough provisions are made. The amount of funds held in the account is adjusted only if an increment is identified.

Fees and charges under Funded Programs

Fees and charges under an apprenticeship, traineeship or funded program will be charged in accordance with the relevant contract. All fees and charges will be made available to the prospective student prior to enrolment and no additional fees or charges will be incurred. All fees and charges must be paid in full prior to the student's completion. Where fees are outstanding, the qualification or Statement of Attainment will be issued within the required time frame however will not be sent to the student until all money has been paid.

In states where Nominal Hours are used to determine fees and charges, the Nominal Hours provided by National Centre for Vocational Education Research (NCVER) will be followed. These Nominal Hours are the nationally agreed hours data have been agreed to by all States and Territories for use in national reporting of VET data only. These hours are different to those described in ECTARC's Training and Assessment Strategies.

Applications process for concessions and exemptions

Student eligibility for a concession or exemption is assessed prior to or throughout the enrolment process. The process required for individual contracts is stated in the relevant procedure and on the ECTARC Fee Schedule. Evidence will be maintained in the students records to support the application of a concession or exemption.
